

## **Express Information Systems Named to 2008 Microsoft Dynamics President's Club Microsoft Honors Express Information Systems for Outstanding Customer Commitment and Sales Achievement**

**San Antonio, TX — July 10, 2008** — Express Information Systems has been named to the 2008 Microsoft Dynamics President's Club for the 16<sup>th</sup> consecutive year, receiving recognition from Microsoft Corp. for its dedicated commitment to customers. This honor reflects the company's success in extending the Microsoft Dynamics platform to drive business advantages in companies worldwide.

This recognition came during the Microsoft Worldwide Partner Conference 2008 in Houston. The elite club recognizes the top 5 percent of Microsoft Business Solutions partners worldwide and their constant dedication to delivering solutions that meet their customers' unique needs, active pursuit of product and technological advancement, and impressive sales performance.

"Microsoft is proud to congratulate Express Information Systems on being named to this year's Microsoft Dynamics President's Club," said Doug Kennedy, vice president, Microsoft Dynamics Partners. "Express Information Systems not only has demonstrated a high level of product expertise, but also has provided a superior level of service and commitment to our Microsoft Dynamics customers, ultimately contributing to the overall success of Microsoft Dynamics and companies worldwide."

Express Information Systems works closely with the teams at Microsoft to maintain a comprehensive understanding of the Microsoft Dynamics platform. This knowledge, combined with a deep understanding of customers' business needs, enables Express Information Systems to help customers leverage the full value of their Microsoft investments and achieve the enhanced customer service, productivity and operational efficiency that promote growth and competitive advantage.

With applications experts focused in Microsoft Dynamics GP, SL, and CRM, Express Information Systems' consultants provide the necessary guidance not only in individual application strategy and deployment, but also in complete rollout and integration of these diverse solutions.
